IkonPRO PIR presence detector IP67
71553

saxby lighting

71553

Add extra functionality to the IkonPRO with our new PIR presence detector. When the light drops below a set level, it will turn on the IkonPRO kit as you approach. After a short period of time the kit will turn off. It is simple to connect in-line with the single colour or the CCT IkonPRO kits. Please note this accessory doesn't support the RGB kits.
Complete with built in Photocell & PIR
30 lux on, 30 lux off. 115 degree 1.5m detection range, 5 minutes +/- 1min off after no movement
Polished stainless steel & opal pc
Constructed from stainless steel (304) & polycarbonate
Shipment Carton Qty: 36
