A new fixed and adjustable recessed downlight featuring an anti-glare baffle with minimal bezel. Baffle downlights reduce glare by having the light source set back within the downlight structure, which avoids direct human eye contact. Can be used with either GU10 LED lamp or the Pacto LED Module. The Cast Baffle downlight has a choice of finishes available in either fixed or tilt versions.

Compatible with LED lamps
Fully adjustable
Dimmable
30 degree tilt
Matt white
Constructed from die cast aluminium alloy
Shipment Carton Qty: 50
