An addition to the popular IkonPRO recessed LED decking kit range, within each head there is the choice of 3000K or 4000K in one kit or the other kit offers 6500K or blue. Using the unique design of removable and interchangeable heads to change colour, you simply lift the LED head out of the connector, turn the head 180° and reinsert into the loom. Designed to be fitted and wired during the decking build stage without the heads, the supplied rubber caps protect the fitting from the elements until the decking is complete. Available in a variety of sizes and colours.

Suitable for indoor or outdoor use  
Polished stainless steel & clear pc  
Constructed from stainless steel (304) & polycarbonate  
Super bright SMD LED technology  
Innovative new fitting method  
Improved lens design

Shipment Carton Qty: 12
